

Justification:

I answered 5 of the 20pt questions.

- Why is this week's topic important for teamwork?
- How do plan on contributing to the team, besides completing your tasks?
- Tell me about what you taught someone? And what did they learn, that they didn't know before?
- If you were to write your experience as STAR story, how would you phrase it?
- If this was a religion class, how would you relate this week's topic to the gospel?

This week's topic is important to teamwork because personality is what makes us unique and playing to the strengths of team members and understanding their personalities can really help the team succeed. I plan on contributing to my team by helping with our acorn project presentation report and continuing to be a good team member through the rest of my life. Today I taught my boss about thermometers and reading humidity. If I were to write my experience as a STAR story, I would say that the situation was that I was at work and my boss asked if I had any final exams. My task was to inform my boss about my final projects. My action was to explain how I made a temperature and humidity reader for my room. The result was that my boss understands a little more about temperature readers. If this was a religion class, this week's topic would relate because we are all unique but we are all children of a loving heavenly father.
