

Justification:

I answered 5 of the 20pt questions.

- Why is this week's topic important for teamwork?
- How do plan on contributing to the team, besides completing your tasks?
- Tell me about what you taught someone? And what did they learn, that they didn't know before?
- If you were to write your experience as STAR story, how would you phrase it?
- If this was a religion class, how would you relate this week's topic to the gospel?

This week's topic is important to teamwork because loyalty is important when you work, but you need to know where to draw the line. I plan on contributing to my team by helping with our acorn project presentation. Today I taught my boss about electrical circuits and water. If I were to write my experience as a STAR story, I would say that the situation was that I was at work and we were fixing a broken water heater. My task was to help fix the broken water heater, that was producing electricity through the pipes. My action was to fix the broken water heater, and explain to my boss how the leaking pipe was causing the water to become electrified. The result was that we fixed the water heater, and my boss knows more about electricity and water. If this was a religion class, this week's topic would relate because we need to be loyal to Jesus Christ, above all other things in our lives.
